John Gibson.

A. Guyler to Captain Matthews.

17th Feb., 1783.

At the last issuing of Provisions to the Loyalists at St. John's I ordered John Gibson and family to be struck off, as persons unworthy to partake of the Royal Bounty. Knowing him personally to have been guilty of persecuting the Loyalists down the country, he in person had the assurance to bring a mob to my house in Albany in January '76 when they consumed upwards of \$250 worth of my best liquors which he took by force....I mention this circumstance as it is not unlikely application may be made to be restored,...I don't think he is a person that ought to be trusted at the outposts.
